

NASA SEWP VI ORDERING GUIDE

Your Gateway to Smarter Federal IT Procurement

SCOPE

SEWP is designed to provide a broad suite of Information Technology, Communication and Audio Visual (ITC/ AV) solutions and services. Technology is ever-evolving and for that reason SEWP's processes enable our Contract Holders to add new commercial technology and IT services to their contract daily, as requested by customers. The focus of SEWP is on the full suite of technology offerings that simplify Governmental access and industry offerings across the entire ITC/AV solutions and services landscape.

SEWP is composed of three (3) scope categories detailed below. If you would like SEWP to determine if your requirement is within scope of the SEWP VI contract, please send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov and we will quickly review and provide feedback.

The SEWP Contracts were awarded by scope category; the three categories are:

- **Category A** - ITC/AV Solutions
- **Category B** - Enterprise-Wide ITC/AV Service Solutions
- **Category C** - Mission-Based ITC/AV Service Solutions

SEWP VI Category A, B, and C are \$60 Billion total multi-award GWAC Vehicle (\$20 Billion ceiling per category).

Peraton Inc. was awarded a SEWP VI contract for Categories A and B.

WHAT YOU CAN PROCURE

Peraton holds two (2) contracts across SEWP VI categories, covering the full ITC/AV solutions and services spectrum. New commercial technologies and IT services are added daily.

Category A: ITC/AV Solutions

Contract Number: 80TECH26D2114

IT products, communications hardware, and audiovisual equipment. Includes laptops, desktops, servers, networking, cybersecurity hardware, tablets, A/V systems, software licenses, and accessories—plus installation, configuration, and integration services.

Category B: Enterprise-Wide ITC/AV Services

Contract Number: 80TECH26D1360

Enterprise-scale IT services across agency-wide programs. Includes cloud (SaaS/PaaS/IaaS), managed services, cybersecurity, systems integration, AI/ML, mobile device management, and telecom lifecycle management.

Category C: Mission-Based ITC/AV Services

New in SEWP VI - Mission-specific IT services tailored to your agency's unique operational requirements. Includes specialized systems integration, mission-critical managed operations, and program-level IT support.

BUILT FOR FEDERAL MISSION SUCCESS

Peraton's SEWP VI contract vehicle combines the power of a premier GWAC with Peraton's deep federal IT expertise—delivering speed, compliance, and flexibility at scale.

- **Fast Access to Technology:** New commercial technologies are added as they become available to industry. Access the latest IT innovations without lengthy procurement cycles.
- **Governmentwide Authority:** OMB-designated GWAC available to all Federal Agencies and Authorized Federal Contractors nationwide.
- **Lowest Fee in the Market:** Only 0.34% SEWP usage fee—one of the lowest among all GWAC vehicles—maximizing your buying power.
- **Compliance Ready:** C-SCRM, FedRAMP, Section 889, and EPEAT compliance built in. Peraton keeps your procurement audit-ready.
- **Long-Term Partnership:** 10-year ordering period.

FAIR OPPORTUNITY

FAR 16.505(b)(1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding the micro-purchase threshold and issued under multiple-award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer (CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool (QRT) is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP QRT will automatically include the Contract Holders within a selected Group or based on a suggested source.

To obtain a quote for hardware, software, or services, use the SEWP Quote Request Tool (QRT) at sewp.nasa.gov.

For any unresolved issues, problematic orders, or post-delivery issues, please contact:

Email: help@sewp.nasa.gov

HOW TO PLACE AN ORDER

Ordering through Peraton's SEWP VI contract is straightforward. Follow these steps to get started:

- 1. Define Your Requirement:** Identify your IT product or service need. Use the SEWP VI Quote Request Tool (QRT) at sewp.nasa.gov to begin.
- 2. Generate a Purchase Request:** Create a Purchase Request (PR) with full requirement details and funding information, and submit to your Agency's procurement office.
- 3. Agency Issues Delivery Order:** Your Agency's procurement office issues the Delivery Order (DO) using any valid Federal Agency DO form and routes it through the NASA SEWP PMO.
- 4. PMO Processing:** NASA SEWP PMO reviews, processes, and tracks the DO, then forwards it directly to Peraton for fulfillment.
- 5. Peraton Fulfills Your Order:** Peraton delivers products or services per order requirements. Standard commercial warranty is included with all purchases.
- 6. Payment:** Net 30 payment terms. SEWP usage fee of 0.34% applies to all task orders placed under the vehicle.

Important Notice: The NASA SEWP PMO does not issue Delivery Orders—these must originate from your Agency's procurement office. Using the SEWP Quote Request Tool (QRT) is strongly recommended. For scope questions, contact: help@sewp.nasa.gov.

COMPLIANCE HIGHLIGHTS

Peraton maintains full compliance with all SEWP VI regulatory and cybersecurity requirements, so your agency can procure with confidence.

- **C-SCRM Compliance:** Current C-SCRM Attestation Form on file. Cybersecurity supply chain risks are actively managed across all offerings.
- **FedRAMP Compliance:** All cloud offerings are accurately identified with current FedRAMP authorization status in Peraton's SEWP VI catalog.
- **EPEAT Compliance:** EPEAT-certified products are identified and maintained with current environmental certification status.
- **UNSPSC Compliance:** All offerings are classified per UNSPSC taxonomy consistent with Peraton's awarded contract scope.
- **Section 889 Compliance:** Certified compliant with NDAA FY2019 Section 889. No covered telecom equipment per FAR 52.204-24/25.

CONTRACT DETAILS AT A GLANCE

Key identifiers and contract parameters for Peraton's SEWP VI prime contracts.
