What’s New?

- Effective 5/24/2021, rolled out Deltek Time and Expense (TE) version 10
- New TE10 URL: https://cpweb.peraton.com
- When accessing TE10, there is an additional sign-on. Every time you log into TE10, you’ll be prompted to also sign into Okta. Okta provides multifactor authentication (MFA)
- Legacy mobile Apps will no longer work (GovCon). For mobile access, simply enter the URL above in the mobile device’s browser and follow these instructions.
- TE10 has a different look and feel, but prior functionality remains in the tool.
Points to remember – Suppliers working to Statement of Work / Subcontractors

Supplier managers and proxies will have direct access to timesheets. Peraton personnel will not have direct access to timesheets.

ROLES:
- LABOR: individual entering own time or expense
- APPROVER: Primary manager from Supplier company reviewing and approving timesheet or expense. This is the top individual in the approval group; all other IDs align to this person
- BACKUP APPROVER: Supplier company personnel assigned to primary approver to backup approvals (can have multiple)
- PROXY (expense or timesheet): Supplier company personnel assigned under Primary approver group to enter hours or expenses on behalf of the Labor individual (can have multiple)
- SUBCONTRACT EXPENSE APPROVER: Peraton POC assigned to primary approver group to review and approve expenses submitted for payment. (can have multiple)

- Only time worked on project should be submitted. There are no absence codes as absences are not recorded in TESS.
- The same ID cannot enter AND approve timesheets due to application restrictions.
- Vouchers are processed for APPROVED timesheets and expenses. The pay clock begins from the processing date, NOT the week ending date of the timesheet. Timely approval means timely payments
Points to remember – Agency Contractor / Peraton manager roles

Peraton personnel will have direct access to timesheets
Supplier managers and proxies will not have direct access to timesheets. Timesheet data will be visible in Beeline within 1 week of processing.

ROLES:
- LABOR: individual entering own time or expense
- APPROVER: Peraton manager reviewing and approving timesheet or expense. This is the top individual in the approval group; all other IDs align to this person
- BACKUP APPROVER: Peraton personnel assigned to primary approver to backup approvals (can have multiple)
- PROXY (expense or timesheet): Must have clear documentation for audit. Peraton personnel assigned under Primary approver group to enter hours or expenses on behalf of the Labor individual (can have multiple)
- SUBCONTRACT EXPENSE APPROVER: Peraton POC assigned to primary approver group to review and approve expenses submitted for payment. (can have multiple)

- Only time worked on project should be submitted. There are no absence codes as absences are not recorded in TESS.
- The same ID cannot enter AND approve timesheets due to application restrictions.
- Vouchers are processed for APPROVED timesheets and expenses. The pay clock begins from the processing date, NOT the week ending date of the timesheet. Timely approval means timely payments.
Universal Functions and Tool Navigation
Access Deltek Time and Expense 10 (TE10)

1. Go to the TE10 URL: https://cpweb.peraton.com
2. Deltek Costpoint login page appears
3. Enter your User Name and Password
   • System: CPPROD
   • Check “Remember Me” if you want to remember the UserName and System
4. You will be rerouted to the OKTA system for login. Enter the same User Name and Password, then click Sign In
   • 905xxxxx, Nxxxxx or prefix of @peraton email (First.Last)
5. If already setup, OKTA will then prompt you for Multifactor Authentication; complete that
6. Once authenticated, you’ll be redirected back and logged into TE10

Mobile Access: There is no mobile App to download, simply enter the URL above in the mobile device’s browser and follow these instructions. Legacy mobile Apps will no longer work.
Initial setup of Okta Multifactor Authentication

1. On your first attempt logging into the Okta system, enter your User Name and Password, then click Sign In.
2. You will then be prompted to select your primary method for Multifactor Authentication (MFA) out of the options available for you.

You need to set up Security Question and at least one other form of MFA:

- Okta Verify: You can install the Okta Verify application on your Smartphone
- Short message service (SMS) Authentication
- Voice call Authentication

3. Follow the setup instructions for the methods you select.
4. Once you complete the MFA setup and initial login, you will be asked to select a picture for your security image.

Your security image gives you additional assurance that you are logging into Okta, and not a fraudulent website. Select one of the images listed and click save. You will see this image on the login screen the next time you log into Okta. The image will appear after you type in your username.

Note: Neither Perspecta (a Peraton company) nor Peraton is not responsible for charges for use of personal device.

Already have an Okta account? The Deltek chicklet will be added to your Okta portal.
To configure or change methods of MFA, such as enabling security questions as a form of MFA or changing your security question:

2. Select the drop-down arrow by your name from your Okta start page/dashboard and select **Settings**.

3. You will see sections for your user information, forgotten password question, security image, extra verification and display language. Click the green **Edit Profile** button at the top.

4. Scroll down to the **Extra Verification** section and select the **Setup** or **Remove** button with the type of MFA that you want to configure and follow the prompts to add or modify the selected method of MFA.
Your Peraton sponsoring manager or company supervisor will have your initial password. Your password is identical to your active directory password if you have email.

For password/login issues, contact the Service Desk at 833-994-2449

Alternatively, Passwords can be reset:
- **hNG & hPeraton** (if User ID starts with “N1” and is N1009214 ID or higher or if User ID begins with a 3 please)
  Reset their passwords at [https://peraton.okta.com/](https://peraton.okta.com/) - Login there with a temp or expired password and will be prompted to change the password
- **hPerspecta** (if User ID starts with “N1” and is N1009213 ID or lower)
  Reset their passwords at [https://passwordreset.perspecta.com/](https://passwordreset.perspecta.com/)

Do not use the external log-in screen option (shown to the right) to “Reset After Log-in”

Do NOT change your Deltek Time and Expense password except as noted above
Password Maintenance

It is highly recommended that subcontractors set up reminders to change their passwords prior to when they expire (every 90 days).

Passwords must be a minimum of eight (8) characters containing 3 out of 4 of the following categories:

1. Uppercase characters (A through Z)
2. Lowercase characters (a through z)
3. Numbers (0 through 9)
4. Non-alphanumeric characters (Examples: !, $, #, %)

For password issues, contact the Service Desk at 833-994-2449

</table>
Time Entry
Open your timesheet by either:

- Selecting the hyperlink of the appropriate timesheet from “My Timesheets” module of the Dashboard, or
- By navigating Time & Expense > Time > Timesheets > Manage Timesheets
  - This opens your current week’s timesheet
  - Use the directional arrows in the Section Toolbar to display the appropriate timesheet
Charge Number Entry

To add a Timesheet Line to the timesheet, click New. Add as many lines as needed to reflect all Projects worked

Projects (i.e. charge numbers) may be typed or copy/pasted directly into the Project cell or they can be selected from the Charge Lookup Tree

- As always, be sure to ask your manager for the appropriate charge number and authorization of its use.
- Enter charge number directly into the cell by placing your cursor in the cell and typing the full charge number, including periods.

Direct charge numbers are 20 alpha-numeric characters; PO information will populate based on the project selected
Charge Number Entry via Charge Lookup Tree

Access the Charge Lookup Tree by selecting the magnifying icon from the Project cell.

Select the “+” button to expand the Charge Tree or you can Query the Charge Lookup Tree.
Check the box next to the charge number(s) you wish to add to your timesheet. Box will turn blue to indicate it's checked.

Click “Select” to add charge number to timesheet.
Add “Favorites” to the Charge Tree & Auto Load

To add a Project to Favorites area of Charge Tree
1. Add the Project to a timesheet line
2. Check the box next to the charge number, make sure box turns blue
3. Click “Add Line to Favorites” from the button below timesheet

To make the Project load to the timesheet automatically each week
1. Click “Charge Favorites”
2. Select (or unselect) the “Load” box next to the Project(s) to automatically load each week
3. Click “Close”
Charge Number Entry

After you have populated the timesheet with the correct charge numbers, you will notice that the “Charge Description” and “Pay Type” fields are automatically populated.

- The default pay type is “R” (Regular), but can be changed under appropriate circumstances
- To access the lookup menu for the Pay Type, select the Magnifying icon.

Select the appropriate Radio button to populate the “Pay Type”
Entering Hours Worked

- Enter the appropriate hours worked for each Project by day (0.1 hour increments)
- The time collection system calculates total time by day, by timesheet line, by pay type and total hours
Line and Cell Comments

Comments may be added to either a timesheet line or individual timesheet “hour-entry” cell.

• To add or edit an existing line comment, select the line comment icon in the first column of the table grid for the line. The Line Comments dialog will appear.
• The line number of the comment will also appear in the dialog heading. Enter the information you want to add or edit in the body of the line comment dialog and then select OK to save the comment. The line comment field can accommodate 4,000 characters.
Saving Timesheet

It is extremely important that you “Save” your timesheet after making daily entries.

• If you do not save before properly exiting, the application prompts you to save.
• If you do NOT logout (exit) properly and have not saved, all your entries are lost and must be re-entered.
• Do not select “X” to close the browser to exit the time collection system. You should click on the Log Out Button.

![Image of timesheet interface]
Signing Timesheet

• At the end of the work week, and after saving your timesheet, click “Sign” in the Header section.
  • If there are any errors in your timesheet, you will be prompted with an error message.
• You are then prompted to certify the hours, click “OK”
  • If you have unsaved changes, you will be prompted to save first
• Note the status will change to **Signed** and your Signature appears (name/time stamp)
• Your timesheet has been submitted to your manager for approval.

[Image of timesheet interface]

After submitting timesheet, you will see your name in the signature box, and a status of “signed” in the toolbar

Click here to sign your timesheet
Timesheet Corrections
**Timesheet Correction (Status: Open, Signed, Approved)**

- To correct a timesheet with any status: Open, Signed or Approved you simply make the changes directly to the data in the timesheet and then save and sign.
  - The timesheet will return to “Signed” status and will be routed to your manager’s queue for review and approval.

- **Note:** The “Correct” button is only used on timesheets with Status: Processed, not Open, Signed, Approved or Rejected timesheets.
Timesheet Correction (Status: Rejected)

• The My Timesheets module of the Dashboard will show timesheet status, look for any Rejected.
• Click on Update link and it will take you to Manage MyDesktop screen. Click on Launch button to see the list of your Rejected timesheet.

Highlight the box next to the Rejected Timesheet(s)
List of Rejected timesheet(s)
Click on the Launch button
Timesheet Correction (Status: Rejected)

- Modify the timesheet according to your manager's direction. You can make corrections directly in the cell (of any column) or by selecting “Delete Line” and adding the correct charge number, pay type, or hours to a new line.
- Follow the same procedure of saving, signing, and submitting your timesheet to complete the timesheet correction process.
Timesheet Correction (Status: Processed)

- If you need to correct a timesheet that has already been Processed, return to Home Dashboard and select the desired timesheet for the MyTimesheets list.
  - Click the link to re-open timesheet
- Or locate timesheet by navigating Time & Expense > Time > Timesheets > Manage Timesheets
  - This opens your current week’s timesheet
  - Use the directional arrows in the Section Toolbar to display the appropriate timesheet

Select the “Processed” timesheet that you need to correct

The “Correct” button is only used on timesheets with Status: Processed
Timesheet Correction (Status: Processed)

- Click on “Correct” button next to Sign
- This will change the timesheet status to Open and open the Timesheet Lines for editing

The “Correct” button is only used on timesheets with Status: Processed
Timesheet Correction (Status: Processed)

- The button changes from Correct to Undo Correct, enabling the employee to revert the Original entries if necessary.
- Make necessary changes to the timesheet:
  - Modify hours and/or pay type on existing project lines as applicable.
  - Add new charge number(s) and hours on next available line(s) as applicable.
- Save changes and enter required comment explaining reason for the changes. The explanation becomes part of the official source documentation subject to both internal and external audit review.
- Sign your timesheet. The timesheet will show up on your manager’s desktop, but you should also alert your manager to ensure timely processing.

The "Correct" button is only used on timesheets with Status: Processed.
Timesheet Correction (Status: Processed) – RETRO RATE

- Occasionally the timesheet needs to be resubmitted to capture updated rates
- Select the Correct button – MAKE NO OTHER CHANGES TO THE TIMESHEET
- Sign your timesheet. The timesheet will show up on your manager’s desktop, but you should also alert your manager to ensure timely processing.
- The voucher process will automatically calculate and summarize the rate difference for invoicing

The “Correct” button is only used on timesheets with Status: Processed
Timesheet Correction (Processed Timesheet)

When the Timesheet is saved, a Revision Audit will created.

- Revision Audits track any changes to the previously saved timesheets
- The revision audit will include changes to all lines and individual cells

The “Correct” button is only used on timesheets with Status: Processed

• Vendor voucher (summary) – Voucher status and payment date with check number, includes all vouchers: manual, expense and labor
• Vendor voucher subcontract detail: voucher status for labor (TESS) by project, week, individual, hours, amount and calculated rate

• These reports should be used to verify hours submitted for project vouchering match supplier timekeeping system and that the rates charges are the rates agreed upon in the contracts
• Timesheet corrections will appear in the voucher reports as a summary amount of the change under the same week ending date (but not the same process date)
