

Peraton Password Reset for Suppliers

Suppliers with Peraton network access / email accounts are required to reset their passwords every 60 days. They will be notified in advance by a direct email or by a Peraton manager. If the supplier's password wasn't reset prior to expiration, the following options for password resets are available, depending on their network set-up.

- If you have **Peraton email account that ends with @peraton.com**, reset your password via Okta, <https://peraton.okta.com/>
- If you have a **Peraton email account that ends with @mail.peraton.com**, reset your password via office365.us
- If you don't have a Peraton email account and your **ID number is N1008956 or lower**, use <https://passwordreset.perspecta.com/> to reset your password
- If you don't have a Peraton email account and your **ID number is greater than N1008956 or your ID starts with 3**, reset your password via Okta, <https://peraton.okta.com/>
